

## 3460 AccessWay Enclosure Hardware Advisory Notice Multinational Approvals South Africa Power Adapter

---

### Overview

This document contains information about the 3460 AccessWay enclosure and 3460 Fast'R dual-modem cards.

---

### Multinational Approvals

---

#### Approvals Definition

The 3460 AccessWay has been approved as a **system** consisting of:

- An AccessWay enclosure, including power supply
- Up to 16 Fast'R dual-modem cards

Fast'R dual-modem cards installed in an AccessWay enclosure, configured as described in the matrix below, constitute a complete system for which an approval has been granted. System-level approval labels can be found on the AccessWay enclosure.

This notice covers only systems for which approvals have been granted to Motorola, Inc., Information Systems Group (ISG). For countries and systems not shown, contact your distributor regarding local approvals.

#### Attention!

For the countries listed, configurations not specifically identified may not constitute approved systems. Unlisted configurations may be in violation of regulations and void the right to connect to local telecommunications services.

**South Africa Power Adapter**

**Approvals Definition**

---

The power adapter supplied with the 3460 Fast'R for South Africa (product codes 29920 and 39520) has an auxiliary earth ground lead that can be attached to an external surge suppressor. If no external surge suppressor is configured, no connection to this earth ground lead is necessary.
